Heartland Nursing Home Ministry

Fill a day with a smile.

For over 20 years, members of Northern Hills Church have held services for the residents of Heartland Nursing Home. This ministry happens each Wednesday afternoon from 2 pm to 3 pm. Residents are brought into the dining area by members of NHC where they participate in a sing-a-long of familiar hymns, accompanied by piano and sometimes other instruments. After the singing a short devotional is presented. Each week a local florist donates flowers that are passed out to those attending service. The festivities are capped off with a treat of ice cream, cake or other goodies.

Sunday School classes and small groups are encouraged to send cards or letters. These small tokens of love are greatly appreciated by the residents. Attendance is between 30 and 40 each week.

Singers, musicians and people with a heart for others are needed to help. For more information on how to be a part of this exciting and rewarding ministry contact Jim Johnson, jimsjohn@sbcglobal.net, or call 656-9557.
